

## DARE COUNTY ASSOCIATION OF FIRE OFFICERS

P.O. Box 535  
Nags Head, North Carolina 27959

---

**The Dare County Association of Fire Officers is a 501-C-3 Non-Profit organization. The Fire Officers Association exists to provide basic and advanced level training opportunities to the firefighters in Dare County.**

### **Some of the items that we fund:**

Maintenance of our training equipment to include an enclosed trailer, and a public education trailer that is available to each fire department in Dare County.

Refreshments for numerous classes that enable our firefighters to receive valuable local training.

Conducting several countywide training events including vehicle extrication courses and a firefighter advanced rescue technique school.

Maintenance and repairs including extensive renovations to the Dare County Burn Facility that each department can utilize for live fire training.

Our association relies solely on donations to continue to operate. Each fire department is extremely supportive of their staff, however the training events and equipment maintained by this organization are very valuable to allow departments to seamlessly work together.

If you are inclined to donate, please scan the QR code below. Any amount that you can provide will be extremely appreciated.

If you prefer to use a check, please make payable to the Dare County Association of Fire Officers, or DCAFO.

*Thank you,*

*Dare County Association of Fire Officers- Members and Board of Directors*
